

## H. Keith Hubbard, AIA - Professional Resume

Architectural Registrations: North Carolina Architectural Registration, 1991, License No. 6190  
Virginia Architectural Registration, 2001, License No. 0401 012121  
West Virginia Architectural Registration, 2007, License No. 3945

Education: Bachelor of Arts in Architecture, UNC-Charlotte, NC, 1981

Current Practice: September 2003 to present  
ArcVision Studios PC / President  
211 Ninth Street  
N. Wilkesboro, NC 28659  
336-903-4934

ArcVision Studios PC, formally Bruce G. Sanders Architecture, was incorporated in 1993, and renamed during a merger in 2003. After Mr. Sanders' death in 2003, I rejoined the firm that I helped establish in Greensboro, NC.

Previous Employment: December 2000 – September 2003  
H. Keith Hubbard, AIA – Architecture & Planning (Private Practice)  
220 Beshears Street / N. Wilkesboro, NC 28659

After leaving Isom Associates, I established my private practice, where I focused on hospitality, commercial and church projects.

February 1997 – December 2000  
Isom Associates, P.A. – Architecture & Engineering  
1309 S. Collegiate Drive / Wilkesboro, NC 28697 / (336-838-4007)

I was Project Architect for all projects in NC & VA, lead designer for projects in numerous other states, and supervised the overall architectural department within the office.

May 1987 – February 1997  
Bruce G. Sanders Architecture, P.C. – Greensboro, NC

In 1987, Mr. Sanders left AEP Collaborative to establish a private practice and asked me to join him. Upon satisfying my training, I received my NC architectural license in 1991 and became a partner in the firm incorporated in 1993. It is this firm that was restructured and renamed ArcVision Studios PC in 2003.

## H. Keith Hubbard, AIA - Professional Resume

Page 2

April 1984 – May 1987

AEP Collaborative, Inc. – Architecture, Engineering, Planning  
1207 W. Bessemer Ave. / Suite 226 / Greensboro, NC 27408  
336-272-0202

I was an architect-in-training while with AEP, under the direct supervision of Mr. Bruce Sanders, AIA, president of this A&E firm. In May of 1987, upon the partners decision to separate this diverse practice, Mr. Sanders established a private practice and asked me to join him, which I did and continued my apprenticeship with him.

April 1983 – April 1984

Corporate General Contractors – Project Manager, Estimator,  
Draftsman

While working for a general contractor, I had the opportunity to experience project management, estimation and supervision. While this was a valuable learning experience, my professional aspirations were to return to an architectural practice and complete my apprenticeship.

October 1981 – April 1983

MacRae-Joyce Associates (formally MacRae-Bell Associates)  
3608 W. Friendly Avenue / Greensboro, NC 27410  
336-378-6060

This was my first full-time position with an architectural firm, with my duties limited to field survey work and basic drafting as I gained a “real world” working knowledge of the profession.

**Summary:** Although working under various corporate names, once I started working for AEP Collaborative in April of 1984, under the direct supervision and training of Bruce Sanders, AIA until February 1997, I had thirteen (13) years of consistent training and experience. After nearly four (4) years with Isom Associates, followed by nearly three (3) years of private practice, I rejoined the original firm that I helped establish. With that, in nearly twenty-eight (28) years in the profession, I have worked for only two (2) separate professional structures, with the lone break to operate my private practice. I have never been dismissed from a firm or unemployed. My career has a clear history of professionalism and service to numerous repeat and directly referred clients.
